doing that, there's really nothing under current law to allow you to do that, is there? 2 MR. SHORTER: Well, they're a registrar 3 who has some concerns, has reasonable concerns, does 4 have the capacity to challenge, but there's not 5 provisions for once those challenges are made for you 6 to do much with it. 7 SEN. FRASER: Okay. Under current law, 8 as we say here, even if there's a challenge -- and 9 let's say that -- let's go back to the Horseshoe 10 Bay -- let's go to the Horseshoe Bay example. 11 MR. SHORTER: Yes, sir. 12 SEN. FRASER: If I voted twice there, 1.3 they'd know it was me and probably they would say it's 1.4 a challenge, and they probably could call the D.A. and 15 say "The Senator just voted twice. We need to check 16 into it." But the question is, I just voted twice, I 17 just placed two ballots, what would happen to those 18 ballots? Would they be put in the pile to be counted? 19 MR. SHORTER: Yes. 20 SEN. FRASER: Okay. So I just voted 21 illegally. You knew I voted illegally. You're going 22 to report me to the D.A., but I just voted. And if 23 that is a close election, that County Commissioner 2.4 that I voted for, and they're going to be within one 25

or two votes, I just impacted an election by voting

     illegally.
                   MR. SHORTER: Would you allow me to
 3
     defer to my general counsel on whether or not that
 4
 5
     actual vote would count twice?
                   SEN. FRASER: I'm sorry. I didn't say
 6
     it was going to count twice. I voted twice. I'm
 7
     saying I voted as Troy Fraser and I voted as Steve
 8
 9
     Fraser, and both of those votes I voted under current
     law. The vote, my understanding is, and I've asked
10
     the registrar of these counties what they would do, if
11
12
     someone comes and votes and they place a vote, they
13
     have to put it in the pile to count. But even if
     there's appeal, they could pursue it and possibly get
14
15
     an indictment. But I think what you're saying is if
16
     it's hard to catch them, it's even much harder to
1.7
     prosecute.
                   MR. SHORTER: And, Senator, on that --
18
19
     on that particular question, I think my best response
     to you is for you to allow me the opportunity to
20
21
     research that one and get back with you as soon as
2.2
     possible --
23
                    SEN. FRASER: Okay. Okay. That's good.
24
                   MR. SHORTER: -- because I'm really not
25
     clear on that one.

SEN. FRASER: The other question I would ask you and that I want to clarify, if someone suspects the scenario that we just talked about where they suspect somebody has voted illegally, it got put in the pile to count and they think that they voted twice like the lady with the big hat, if that is referred to someone to check it out, if it happens in Dallas, probably that's going to go to the District Attorney, or they could send it to -- directly to the Attorney General, or it's possible it could be sent to you, but if they send it to you, aren't you going to refer it to the District Attorney and the AG? Is that correct?

MR. SHORTER: If a complaint is sent to the Secretary of State's Office, our office looks at

MR. SHORTER: If a complaint is sent to the Secretary of State's Office, our office looks at the complaint, and there's a general assumption among the staff and the Secretary of State's Office and that assumption is if the information that is being presented on that — on that complaint is actually considered true, and if it's true we — of course understand, Senator, our office does not do the investigation. But if the allegations as presented would present a crime under the elections code, our office would refer it to the Attorney General's Office.

1
                   SEN. FRASER: Okay. And I guess the
 2
     follow-up question to that is if it's hard to identify
 3
     and it's hard to prosecute and there's two other
 4
     sources, the assumption is that the number of these
 5
     going to your office probably -- is it great? If
     they're having trouble identifying it and they're
 6
 7
     having trouble prosecuting it, do you --
 8
                   MR. SHORTER: Correct. Senator, the
     number -- in terms of -- I can give you some
 9
10
     statistics. In terms of the Secretary of State's
11
     Office since September 1, 2007, there were 50 written
12
     complaints sent to our office, and those -- those
13
     were -- our office looked through those. We looked at
14
     them to see if there was merit. Actually related
15
     to -- complaints related to voter impersonation, we
16
     found about seven of those complaints. Two of them
17
     were actually referred, one was not referred, and one
1.8
     is pending. One is pending with our office now to be
19
     actually referred to the AG's Office.
20
                   SEN. FRASER: Thank you, Mr. Shorter.
21
     do appreciate the information.
22
                   SEN. DUNCAN: Sen. Van de Putte or --
23
     Sen. Van de Putte? And the court reporter has been
     going for about almost two hours. If we could -- you

let her take a break in about ten minutes, if we

     could.
2
                   SEN. VAN de PUTTE: Thank you,
 3
     Mr. Chairman, and thank you very much for being here
 4
     particularly in the late -- excuse me -- the early
5
     hour that we're in now in the next day.
 6
                    I wanted to ask a few of the questions
7
     earlier yesterday. In speaking to Sen. Fraser when he
8
     laid out the bill, I asked several questions at that
9
     time. He said that the Secretary of State's Office
10
     would be the most appropriate. So the questions that
11
     I'm asking you are actually the ones that Sen. Fraser
12
13
     had asked me to ask.
                   You. And please give our regards to my
14
     dear friend and fellow San Antonian Hope Andrade.
15
                    I wanted to ask you if you would just
16
     take a look at the bill, and hopefully you have a copy
17
     of that or your general counsel has that for you.
18
     the first page in Section 15.005 --
19
                   MR. SHORTER: Uh-huh.
20
                    SEN. VAN de PUTTE: -- there's a
21
     timeline between the requirements when each voter

25

we have to do a lot of changes to educate our election 1 judges and our clerks. What happens in the timeframe 2 between the people with current registrations that are 3 caught between the renewal for purposes of education? 4 MR. SHORTER: For purposes of 5 6 education of --7 SEN. VAN de PUTTE: Yeah. MR. SHORTER: -- of the new bill? 8 SEN. VAN de PUTTE: Yeah. 9 MR. SHORTER: Well, Senator, what we 10 would do -- what our office is planning on doing for 11 12 all elections-related bills, we're in the process 13 right now of doing the long-term planning for voter 14 education for our office. And voter education in our office deals with some specific things. Voter 15 education in our office deals with we want -- we want 16 17 to talk about where to vote, how to vote, what do you 18 need to vote, what are the items that you need to vote, all the resources. So we're planning that now. 19 20 If this bill were passed or any other 21 bill that you would pass related to changes in a 22 requirement for voting, as we continue to develop our 23 module for voter education, we would be able to put 24 the requirements that this bill or any other bill has 25 into our planning module for voter education that

we're currently developing.

regulations and rules would be greatly changed from the process that Texas voters have used in the past several years with the requirements of the voter certificate and a photo identification, how would the Secretary of State's Office propose to inform voters of these changes?

MR. SHORTER: Senator, we would inform through the existing process that we have, which is a pretty extensive process. For instance, during the last year on voter education, it was a \$3 million process that we undertook to inform voters of what's going to be going on in the election cycle that ended in November of 2008. We're doing that now.

It would mean that our office would have to make sure that all of the changes are implemented, and implementation would mean all notifications that would need to be made, we would have to get that done. All training for county Election Officials through our current — through our current system of educating county workers, election workers, which we hold periodically through the year, we would implement or make sure that this new information is a part of that process. Poll worker training, which we're looking at

KENNEDY REPORTING SERVICE, INC. 512.474.2233

TX_00004565

JA 003988

```
right now, we would also make sure that those things
1
     within the bill that actively affect poll workers,
2
     those changes will be put into what we're doing now or
 3
     what we're planning to do.
4
 5
                   Generally after -- during a session when
     a session is over, there are a lot of election bills
 6
     that are passed, and our pattern of preparing for
7
     coming out of session, going into a season of getting
8
9
     ready for elections, we start looking at what bills
     have been passed. We're putting together the
10
11
     structure now on what we're doing on voter education
12
     and then fit those into the model. Sometimes when
13
     there are major changes like this, it does require
     more work on our -- a heavier workload on our staff,
14
15
     but the staff at the agency has proven time after time
16
     that they're capable of doing it.
                    SEN. VAN de PUTTE: Well, I believe that
17
18
     the Secretary of State's Office and particularly this
19
     Secretary of State, is more than willing and it's been
20
     shown. My concern is that -- have you seen the fiscal
21
     note that is attached to the implementation of this
22
     bill?
23
                    MR. SHORTER: Yes, ma'am, I have.
24
                    SEN. VAN de PUTTE: According to the
25
     fiscal note, your -- the Office of the Secretary of
```

State.

MR. SHORTER: Uh-huh.

SEN. VAN de PUTTE: -- is to absorb the cost. Given that, how do you plan to notify each of the voters, given that in Indiana and Georgia individual mailings were made to each registered voter informing them of the change in voter ID? And since we have no legal, I guess, basis, at least in our fiscal note, for the Secretary of State to implement that, how would the Secretary of State's Office plan to inform each voter, which were the requirements that they felt under -- to get pre-clearance under the Voting Rights Act, how would you-all achieve that with zero money?

MR. SHORTER: Senator, we would -- we would achieve that by using the funds that we've been using to do it in the past. We would use the HAVA Funds that have been set aside for voter education. I remember your asking this question earlier about the zero fiscal note that our office put on it. We put it on there, and when this bill -- when a similar bill was filed like this in the previous session, staff shared with me that there was a zero fiscal note on it as well, and it was because HAVA dollars were able to be used.

1
                   SEN. VAN de PUTTE: I believe the fiscal
 2
     note for the voter ID bill in the 80th Legislative
 3
     Session that was passed by the House was at $600,000,
     and so we --
4
 5
                   MR. SHORTER: Yes, ma'am.
 6
                   SEN. VAN de PUTTE: So that's what I
 7
     wanted to ask is that -- I know that Hope is very good
8
     at squeezing dollars, but how do you -- how does the
 9
     Secretary of State's Office plan to inform -- and it's
10
     not just the training. From what we understand of all
11
     voter ID laws that have been passed, each of those
12
     Secretaries of State have done an individual mailing,
13
     not just posting on the Web, not that. Do you plan to
14
     send an individual mailing to each voter with or
15
     without the passage of this bill?
16
                   MR. SHORTER: That -- first of all, that
17
     would be, of course, Secretary Andrade's decision.
18
                   As for that $600,000 fiscal note in the
19
     previous bill, that was not a fiscal note that was
20
     put on by the Secretary of State's Office. My
     understanding is that was a fiscal note that was put
21
22
     on by DPS. Even though that fiscal note was $600,000
23
     put on by DPS, our fiscal note on that previous bill,
24
     if I'm understanding correctly, is that it was still
25
     zero because we were not looking at those funds to --
```

1.4

SEN. VAN de PUTTE: Okay.

MR. SHORTER: -- and we do still now.

For instance, right now in voter education, in HAVA dollars, we still have \$2 million left. Our staff, in anticipation of bills coming out of the session, we've been working with the EAC already to see -- make sure that bills that are passing through the House and through the Senate or through the Legislature of Texas would be able to -- we would be able to use HAVA dollars for that. We feel comfortable that we can, but we don't want to get towards the end of the session and find out that we were incorrect.

SEN. VAN de PUTTE: Thank you. I would also ask the questions that I asked Sen. Fraser that they said that the Secretary's Office would be more appropriate. With regard to naturalized citizens, what is the difference between a certificate -- a citizenship certificate, which is in the first section of the bill that's allowable with the photo ID, and citizenship papers, which is allowed under the second part of the bill?

MR. SHORTER: Senator, I remember your asking that question earlier today, and I asked our staff today to help me and answer that question. They have not gotten back to me, of course, at four o'clock

this morning. But if you would allow me to get you
 1
 2
     the answer to that in a few hours, I will provide that
 3
     for you.
 4
                   SEN. VAN de PUTTE: Thank you.
     would be helpful to us since we have 56,000
 5
     naturalized citizens. And I believe the certificate
 6
 7
     is the eight by eleven certificate that is issued at
 8
     the time of naturalization, which has a photo, but in
 9
     the case of many of our constituents who have been
10
     naturalized it is a photo of them when they were a
11
     young child or a young adult, and the citizenship
     papers may be the little wallet size card. So it
12
13
     doesn't have a photo.
14
                   MR. SHORTER: Yes, ma'am.
15
                   SEN. VAN de PUTTE: But I think because
16
     of the language and since it's each of those
17
     documents, it would be very helpful to us.
18
                   And I know that there are probably some
19
     more questions from other members, but I know that our
     Stenographer has been there, but when you come back, I

witness information will be entered into the record and witnesses present and testifying will be noted as such. Those who do not testify will be entered into the record as nontestifying but registering their position for or against the Senate Bill 362. We think this will be a way to help facilitate those and also give us a little better idea of how to manage yours and our time. Sen. Van de Putte, you're recognized. SEN. VAN de PUTTE: Thank you, Mr. Chairman. Thank you. It's good to be back with you again. Before I ask some of the demographic data, there was one part that I forgot to ask that I had asked Sen. Fraser and wanted to reiterate. Under the proposed bill, we have two different types of military ID as well: Those military IDs that have a photograph and the military IDs that do not have a photograph, and they are listed, I think, in two different sections of the bill. My question is having to deal with the inconsistencies of addresses with our military members, not veterans. Once they're veterans, they're living in Texas and not here because of the duty station. Under the provisions of this bill or maybe

even currently, but currently our military members do 1 not have to show a photo identification. Under this 2 bill they would. How would a clerk or election judge 3 treat the inconsistencies in nonalignment of address 4 on the photo ID with the -- with the certificate? 5 MR. SHORTER: Senator, I don't have that 6 answer, but I will get it for you, and that would 7 involve -- and I'll tell you what I will go through: 8 Asking my staff and also visiting with the clerks to 9 see have they seen this, is this something that has 10 happened already, or based on this particular 11 12 bill would it happen. SEN. VAN de PUTTE: Well, I don't think 13 we know because they don't have to show a photo ID. 14 MR. SHORTER: Correct; you're right; 15 16 you're right; absolutely. SEN. VAN de PUTTE: And because many of . 17 those members that are here still have their own 18 state's driver's license because -- or they're issued 19 20 the DOD license on some installations, it doesn't reconcile with the voter certificate. 21 MR. SHORTER: Right. 22 SEN. VAN de PUTTE: And particularly for 23 those career military who then become civilian, they 24 keep their -- that because they may be going to 25

retire, and it's particular. So if you would do that?
 1
 2
                   MR. SHORTER: Yes, ma'am.
                   SEN. VAN de PUTTE: And in that also how
 3
     would, under the proposed bill, we treat the
 4
 5
     inconsistencies in addresses in college students who
     may still keep their primary place of residence, which
 6
 7
     is their home and the home of their parents, for
 8
     purposes of their driver's license because that's
 9
     their permanent address and they are only temporary,
10
     yet choose to register in the town that they are now
11
     going to college. So the photo identification or
12
     driver's license does not match up with the
13
     certificate. So those are two instances where how
     would that -- those be treated.
14
15
                   MR. SHORTER: Yes, ma'am.
16
                   SEN. VAN de PUTTE: My other question
17
     is -- we know from some of the data that the affected
18
     groups and what we -- what is the state's burden to
     prove at the Department of Justice is the availability
19
     for African-Americans, Hispanics, language groups to
20
21
     be afforded the same ability, in other words, no
22
     discrimination? Can you tell us of the 13 million
23
     plus voters, do we know how many voters are
24
     African-American in the State of Texas?
25
                   MR. SHORTER: Senator, we don't know
